AGRUPAMENTO DE ESCOLAS ALBERTO SAMPAIO HOSTS ERASMUS+ MOBILITY

The first mobility of the ERASMUS+ project 'Computers in Our Life' took place in Braga, from 3rd to 7th October.

All the partners were welcomed by the Portuguese team and the Headmaster of Agrupamento de Escolas Alberto Sampaio with the "International Cuisine day". This way everybody could taste traditional food from Portugal (bolinhos de bacalhau, chouriço, presunto, leite creme, caldo verde...) and also try some typical snacks from the partner countries.

In order to accomplish the aims of the project, the partners took part in robotics workshops and visited the Robotics Laboratory at University of Minho.

Teachers and students also had the opportunity to visit the city centre and the main landmarks, such as the Sé Cathedral and Bom Jesus and Sameiro Sanctuaries and their gardens. They also visited the cities of Guimarães and Porto where they went on a boat trip along the Douro River. It was a week full of emotions, where the partners had the chance to get to know each other better, share ideas and start working on the project.

LEARNING ABOUT ROBOTICS & TAKING PART IN FIELD TRIPS
